March - April 2012	56	14	30
July - August 2012	47	18	35
September - October 2012	46	22	32
November - December 2012	44	21	35

These surveys were conducted on the telephone by trained interviewers among voters throughout New South Wales. Telephone numbers and the person within the household were selected at random. The data has been weighted to reflect the population distribution of New South Wales. The latest survey is based on 1,297 interviews among voters. The maximum margin of sampling error is plus or minus 3 percentage points. Copyright at all times remains with *Newspoll*. More poll information available at www.newspoll.com.au
